

## Rivercity Softball Academy Super Skills IV

We're back.....and we are bigger and better than ever before!! The Super Skills series is a softball fundamentals instruction program for softball players 10 years and older at any skill level. Over the last 3 years we have had the pleasure of having coaching contributions from local coaches and senior athletes , as well as, coaches from Diamonddawgs Softball Training, the NCAA, CIAU, The Canadian National Ladies Softball team, The Canadian National Mens' Softball Team, The Venezuelan National team, and the West Coast Softball Academy. This year we will welcome back coaches that have become Super Skills favourites plus new and exciting guest coaches from the United States and the NCAA!! We offer instruction on all aspects of our game with the latest approaches to fundamentals instruction.

Super Skills IV will offer several training choices to help meet your off-season goals. The first will be the basic 17 session set. These sessions will take place again on Saturday mornings at the Kinsmen Field House in Edmonton. This is a larger group setting will participants grouped by age and/or skill level. Instruction is provided by senior area coaches and athletes that have experience at the Western Canadian and National competitive level. Guest coaches will also make appearances throughout the off-season.

The second choice is the enhanced training program . These sessions are with the guest coaches from the NCAA, CIAU, Canadian and Venezuelan National teams, and the West Coast Softball Academy. The groups in these separate sessions are smaller and allow for much more personalized instruction from some of the best softball minds in North America. These sessions complement the basic training sessions and add in a higher level skill component where appropriate. This year the enhanced program will have TWICE the number of guest coaches, TWICE the number of guest coaching hours, TWICE the learning, and TWICE the fun!!

New this year, we are introducing a weekend Winter Softball Camp that will take place December 10, 11. These full day sessions will certainly equip you with the tools to take your game to the next level. This weekend camp is included in the enhanced training option. Another exciting addition this year, our Winter Softball Camp will also have a coaching clinic component to it. . Coaches will have the opportunity to learn from the experts in the classroom and on the field and will be able to network with coaches from all over North America. Details are still evolving, but we anticipate having 6 North American coaches with international, Olympic, and NCAA experience .

Super Skills IV will be the best yet and we are confident that you will have an off-season that will elevate your game and make 2011 your best season yet. There is certainly something for players of any softball background or skill level. The space for this camp is limited and we reached capacity very quickly last year so register early to avoid disappointment. For registration details for Super Skills IV, Winter Camp, or Coaching Clinic , see [www.rivercityhornets.ca](http://www.rivercityhornets.ca) .
