

NEW FOR 2024

At the Softball Alberta AGM in October 2023, the following motion was presented by the membership and passed by the voting members in attendance.

It will come into effect for the 2024 season.

Minor FP Only

To enter any sanctioned Softball Alberta tournament, teams must prove their affiliation with Softball Alberta (or other Softball Governing Body). No unaffiliated team that is privately insured will be permitted to enter any sanctioned play within Alberta.

What does this mean?

Minor teams wishing to play in Softball Alberta sanctioned tournaments or provincials must be a bona fide member affiliated with Softball Alberta.

How does my team become affiliated with Softball Alberta?

All Minor teams must register with an affiliated member Minor Association. They must show substantial connection to that Association in which they affiliate.

I am thinking of making a team outside of an affiliated member association with Softball Alberta, can I become an affiliated single Minor team?

No, all Minor teams must register with an affiliated member Minor Association. Softball Alberta does not support independent minor aged teams.

As a tournament host, what do I need to do?

Minor tournament hosts must confirm all teams attending have affiliated with Softball Alberta or are registered with their respective Governing Body for out of province/country teams.
